

INTERNAL JOB POSTING

POSTING DATE: 13 OCTOBER 2017
TITLE: MILLWRIGHT
LOCATION: KENT, WASHINGTON
REPORTS TO: PLANT MANAGER
CLOSING DATE: UNTIL FILLED

POSITION SUMMARY

The essential duties of this position will be to perform inspections, installs, repairs, and rebuilds on plant operating equipment. The position will be responsible for preventative maintenance and routine checks on production equipment to include: pneumatics and production machines, hydraulics, conveyors, pumps, fillers, agitators, and motors. This position also requires that the Millwright diagnose mechanical, hydraulic, or pneumatic problems with associated equipment. This will be accomplished through the safe and effective use of hoists, lift trucks, hand tools, and power tools; any candidate must have demonstrated experience with appropriate safety and PPE requirements for each job.

JOB REQUIREMENTS

- Strong work ethic, excellent communication skills, and positive team attitude.
 - Ability to detect, isolate, and identify irregularities and malfunctions in machinery and equipment.
 - Demonstrated aptitude in reading and interpreting blueprints, diagrams, schematics, drawings, manuals, and specifications.
 - Effectively handle multiple priorities with minimum supervision
 - Must be able to disassemble and rebuild multiple types of equipment.
 - Operate heavy equipment as necessary
 - Support LEAN implementation and actively engage in lean activities, within departments
-

EXPERIENCE AND EDUCATION

The qualified candidate must have a minimum of five years previous experience as an Industrial Millwright, preferably from a similar manufacturing environment. Red Seal Certified or Journeyman Industrial Millwright ticket is a plus.

APPLICATION PROCESS

All qualified candidates may forward a letter of interest, resume or application to Erin Seeley in Human Resources. Contact Erin at eseeley@mutualmaterials.com with questions, or for further application instructions.
