

## Column C

Dimensions			Pieces Needed		
Width	Depth	Height	Small (4 x 4 x 8)	Medium (8 x 4 x 8)	Large (8 x 4 x 12)
24"	24"	38"	12	8	15

### Additional Items Needed

**Glue:** 2 (10.5 oz tubes)

**Tools Needed:** Level, Caulking Gun

### Instructions:

**1. Prepare a stable, level project area by following these steps:**

- Excavate area approximately 5" below grade
- Excavate approximately 6" larger than the actual project dimensions
- Fill 4" with suitable base material and level in all directions

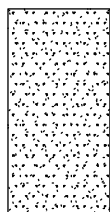

**If installing on an existing patio or suitable base you may proceed to install the project after ensuring the base is level.**

**2. Stack stones adding adhesive between layers**
