

Tree Edging A

Dimensions			Pieces Needed		
Width	Depth	Height	Small (4 x 4 x 8)	Medium (8 x 4 x 8)	Large (8 x 4 x 12)
44" x 44"	28" x 28"	4"	4	4	8

Additional Items Needed

Tools Needed: Level

Instructions:

Tree Edging does not need a prepared and compacted base. If edging flush with the ground is desired, remove approximately 4" of soil and smooth level before placing blocks. If edging above ground is desired, remove just enough soil to establish a smooth and level project area. Level blocks as needed.
