MUTUALMATERIALS®

WELCOME SPRING!

Patio Stone, Columbia Slate

Spring in the Pacific Northwest has the sun shining longer and inspires many of us to plan improvements to our homes and yards for the coming months. Local home and garden shows offer inspiration while nurseries and home improvement stores fill their garden centers with plants, tools, pavers and retaining wall block. This is a great time to plan your outdoor living improvements like walkways, patios, outdoor kitchens, terraced hillsides and raised planters.

Kendall Anderegg
President, Mutual Materials

A Message from our President

Have you ever spent time looking at your local sports stadium, or your child’s school, or even your neighbor’s backyard and wondered where the products come from that put it all together? Well, that’s what Mutual Materials does – we have been part of building beauty that lasts over one hundred years.

Since 1900, we have been providing masonry and hardscape products to customers in the Pacific Northwest to help them create inviting communities that stand the test of time. Our products are used to create schools, stadiums, public landscapes, business parks, family homes and gardens and much more.

Mutual Materials is also a family business and we locally manufacture the products we sell. From humble beginnings with one brick plant in 1900, we have grown today into a major regional employer operating more than 10 manufacturing plants and 16 branch offices across Washington, Oregon, Idaho, Montana and British Columbia.

This Idea Book contains just a small sampling of projects. I encourage you to visit our website to see a library of home project ideas plus our full product lines of hardscape and masonry products available to home owners. On behalf of the team here at Mutual Materials, we appreciate our customers and thank you for considering our products to build your home and yard improvement projects.

Sincerely,

Kendall Anderegg

PATIOS

Create a special space to relax and entertain.
From old world charm to casual and contemporary, paved patios can lend a distinctive tone to the character of your home and yard.

Patio Stone, Columbia Slate

Architecture Slab, Glacier Slate

Fireplace and Wall, Natural Stone Veneer; Patio, Holland

OUTDOOR LIVING

Add the “ahhhh” factor to your outdoor living spaces whether dining, swimming, or enjoying fireside chats with friends. For more modern design, our architecture slabs fit the bill. Choose from concrete slabs in a variety of colors and finishes, or the contemporary European-style of our porcelain slabs imported from Italy.

THE BEAUTY OF BRICK NATURAL SLIMBRICK®

Brick is not just for construction any more. Aged brick walls can be central features for trendy urban restaurants and businesses. Now with natural Slimbrick tile, it's easy to add the rustic chic look of brick anywhere in your home.

WHERE TO BUY

Our products are sold both through professional channels and directly to the public. Our professional network includes: architects, designers, builders, landscape professionals. Homeowners can order through our professional network or through a Mutual Materials branch location. Mutual Materials also supplies some basic landscaping pavers, patio stones, retaining wall block, edgers, and supplies to retail home stores.

MUTUAL MATERIALS BRANCH LOCATIONS

We operate 16 branch offices across Washington, Oregon, Idaho, Montana and British Columbia. Visit our website to view the full list of our locations and their contact information.

HOME DELIVERY

Mutual Materials professionally delivers products directly to your home or work site. Our delivery trucks are equipped with motorized lifts, so we can unload your materials quickly and safely.

GET IT INSTALLED

Have a lot of ideas and looking for a professional contractor for your project? We can help. As a manufacturer, Mutual Materials focuses on providing quality products. While we do not offer design or installation services directly, we have a strong network of quality professionals who design and install our products. Tell us about your project needs and we will reach out to our large network to find professionals to work with you.

Contact us online at www.mutualmaterials.com or call 1-888-688-8250 (Canada: 1-888-816-2111).
