BUILDING BEAUTY THAT LASTS

MASONRY SELECTION GUIDE

Product shown:
Desert White Smooth Face Brick

At Mutual Materials, we are proud of what we do and are inspired to see our products chosen by professionals and homeowners to build our communities. Our products build beauty that lasts in hospitals, schools, stadiums, businesses, family homes, public parks, and backyards. Mutual Materials has long served a professional network of architects, interior designers, builders, landscape design professionals, installation contractors, and homeowners.

Kendall Anderegg
President,
Mutual Materials

A Message from our President

The story of Mutual Materials began over 120 years ago with an innovative brick mason from California who came to Seattle to join the rebuilding effort after The Great Seattle Fire of 1889. Since then, we have grown into the largest family-owned masonry and hardscape products manufacturer in the Pacific Northwest and Western Canada. We are proud of the contribution our company and products have made in building the communities we live in, from our local sports stadiums and neighborhood schools, to homes, and beautifully landscaped backyards. Our mission of building beauty that lasts means that the products and materials we use to build schools, stadiums, commercial buildings, and family homes and gardens will last for future generations to enjoy.

Our commitment to our customers has not changed as we have grown and expanded over the years. Right Product, Right Place, Right Time – getting you what you want, where you want it, and when you want it – is the promise that Mutual Materials' entire team is dedicated to meeting every day.

On behalf of all of us at Mutual Materials, I want to thank you for continuing to consider making our products part of your homes and lives. We know that our customers are the reason we are in business and we appreciate you.

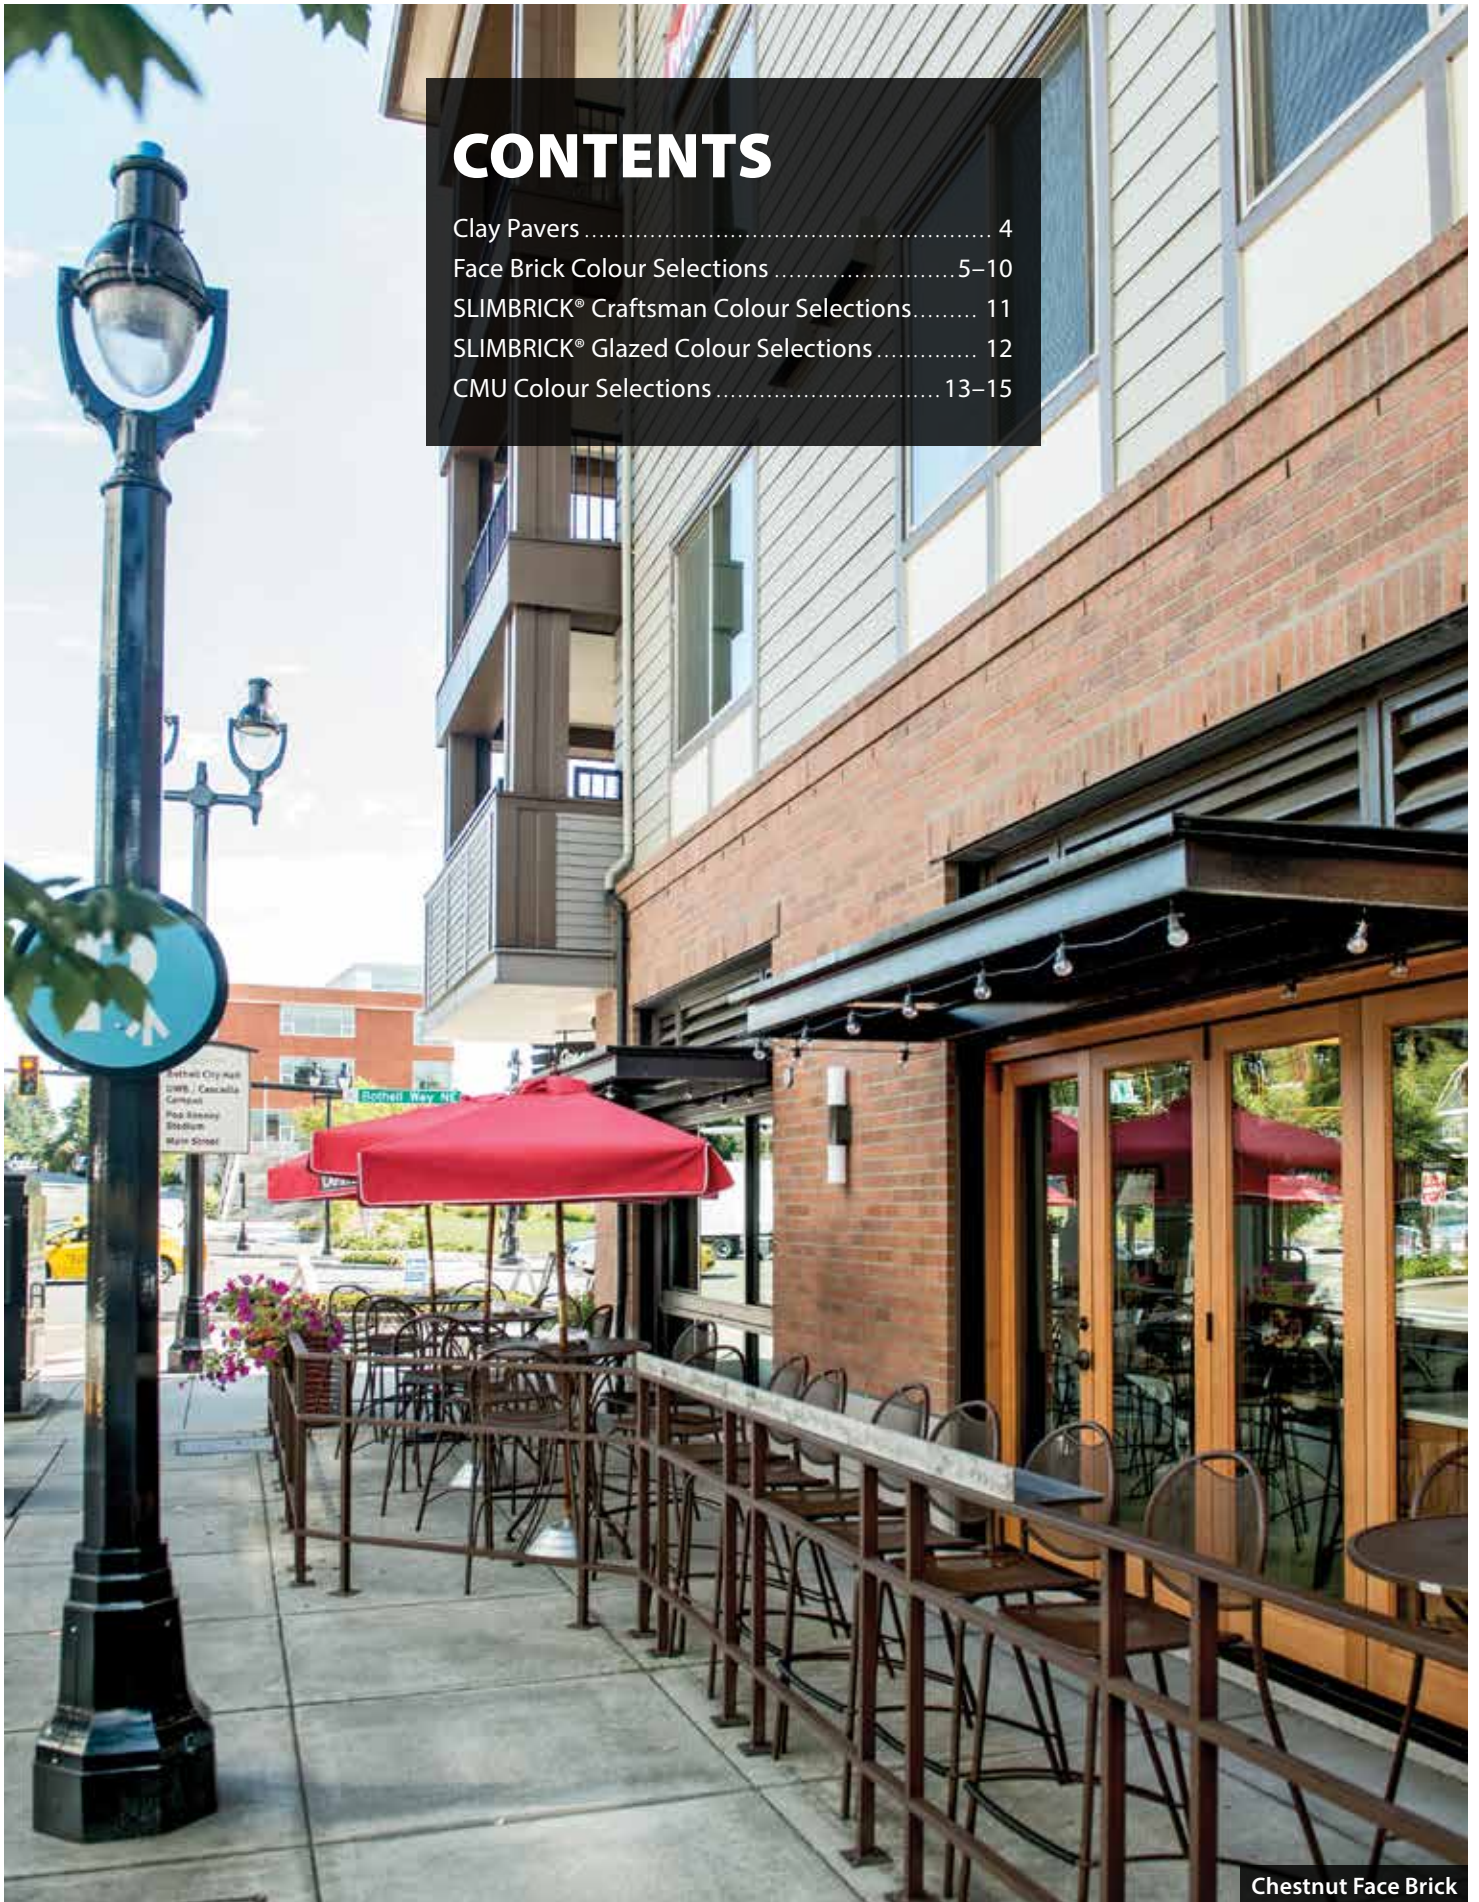

Sincerely,

Kendall Anderegg
President, Mutual Materials

BUILDING BEAUTY THAT LASTS

We are a family-owned company with over 120 years of history building communities across Western Canada and the Pacific Northwest.

Our masonry and hardscape products are the foundation for schools, hospitals, stadiums, fire stations, businesses, parks, local family homes and back yards.
