

Sundial House, Highlands Ranch, Colorado — Cheyenne Ledge

Made by hand.

Mutual Materials is proud to partner with stone manufacturer, Sunset Stone. For more than five decades, Sunset has worked hard at perfecting the craft of casting the most natural-looking stone products available. Founded in the shadow of the Rockies, Sunset Stone has always looked to nature for inspiration. And just like the Rockies, the Cascades and the Great Northwest, the beauty of Sunset Stone will quietly endure for generations. Let the experts at Mutual Materials know what you're looking to accomplish. Whether you're looking to beautify a fireplace, enhance the curb appeal of your home, or add beauty to an entire apartment complex or restaurant, **the beauty of Sunset is always a perfect fit.**

Sunset Stone manufactures replications of natural stone. Just like in nature, slight texture and color variations are to be expected. The colors you see in our product brochure are close to the actual colors of our stone. However, it is important to note that photography and printing techniques may alter perception of actual colors. Sunset Stone recommends that you obtain a sample of Sunset Stone products before placing your order. ©2025 SUNSET STONE nv0725
